

Exploring the Potential for Linking International and National Platforms in the Asia-Pacific Region

KE4CAP; BKE EU-Japan #2 ,29-30 June, 2021

Yuji Masutomi

Center for Climate Change Adaptation, NIES

Objective and today's contents

To enhance the utilization of CAPs for promoting adaptation action at the transnational level

- **Part I:** Examples of climate adaptation platforms and organizations in the Asia-Pacific region (1hr)
 - from **Japan, Australia, Pacific, Philippines, Korea, Taiwan**
 - Key Q: how they see the value to CAPs of linking across the region?
- **Part II:** Plenary discussion (1hr)
 - Moderated by Kim van Nieuwaal
 - Key Qs:
 1. What are practical uses of international/national adaptation platforms for promoting adaptation action in the Asia-Pacific region?
 2. What functions and content should/could be included in international/national adaptation platforms to promote adaptation action across the Asia-Pacific region?
 3. What are effective ways of collaboration between international/national adaptation platforms and international organizations?

Part I: Examples of climate adaptation platforms and organizations in the Asia-Pacific region

Japan: Kazutaka Oka@NIES, AP-PLAT and A-PLAT

Australia: Geoff Gooley@CSIRO

Pacific: Ofa Kaisamy@PCCC, SPREP

Philippines: Marianna Vargas-Morada, eCCET

Korea: Young-II Song@KACCC

Taiwan: Hsin-Chi Li@TCCIP

- **How they see the value to CAPs of linking across the region?**
 1. What are the benefits of having connections with other platforms in the Asia Pacific region?
 2. What do you see as the challenges of working in a regional network setting?
 3. To what insights has working in a regional setting lead?

Part II: Q1 What are practical uses of international/national adaptation platforms for promoting adaptation action in the Asia-Pacific region?

Users

Industry

Public

Policy makers

Sectors

Water

Disaster

Life

Agriculture

Ecosystem

health

Industry

- **Multiple users/stakeholders and sectors**
- **Diversity of cultures, climates, languages, religions, economies...**

Part II: Q2 What functions and content should/could be included in international/national adaptation platforms to promote adaptation action across the Asia-Pacific region?

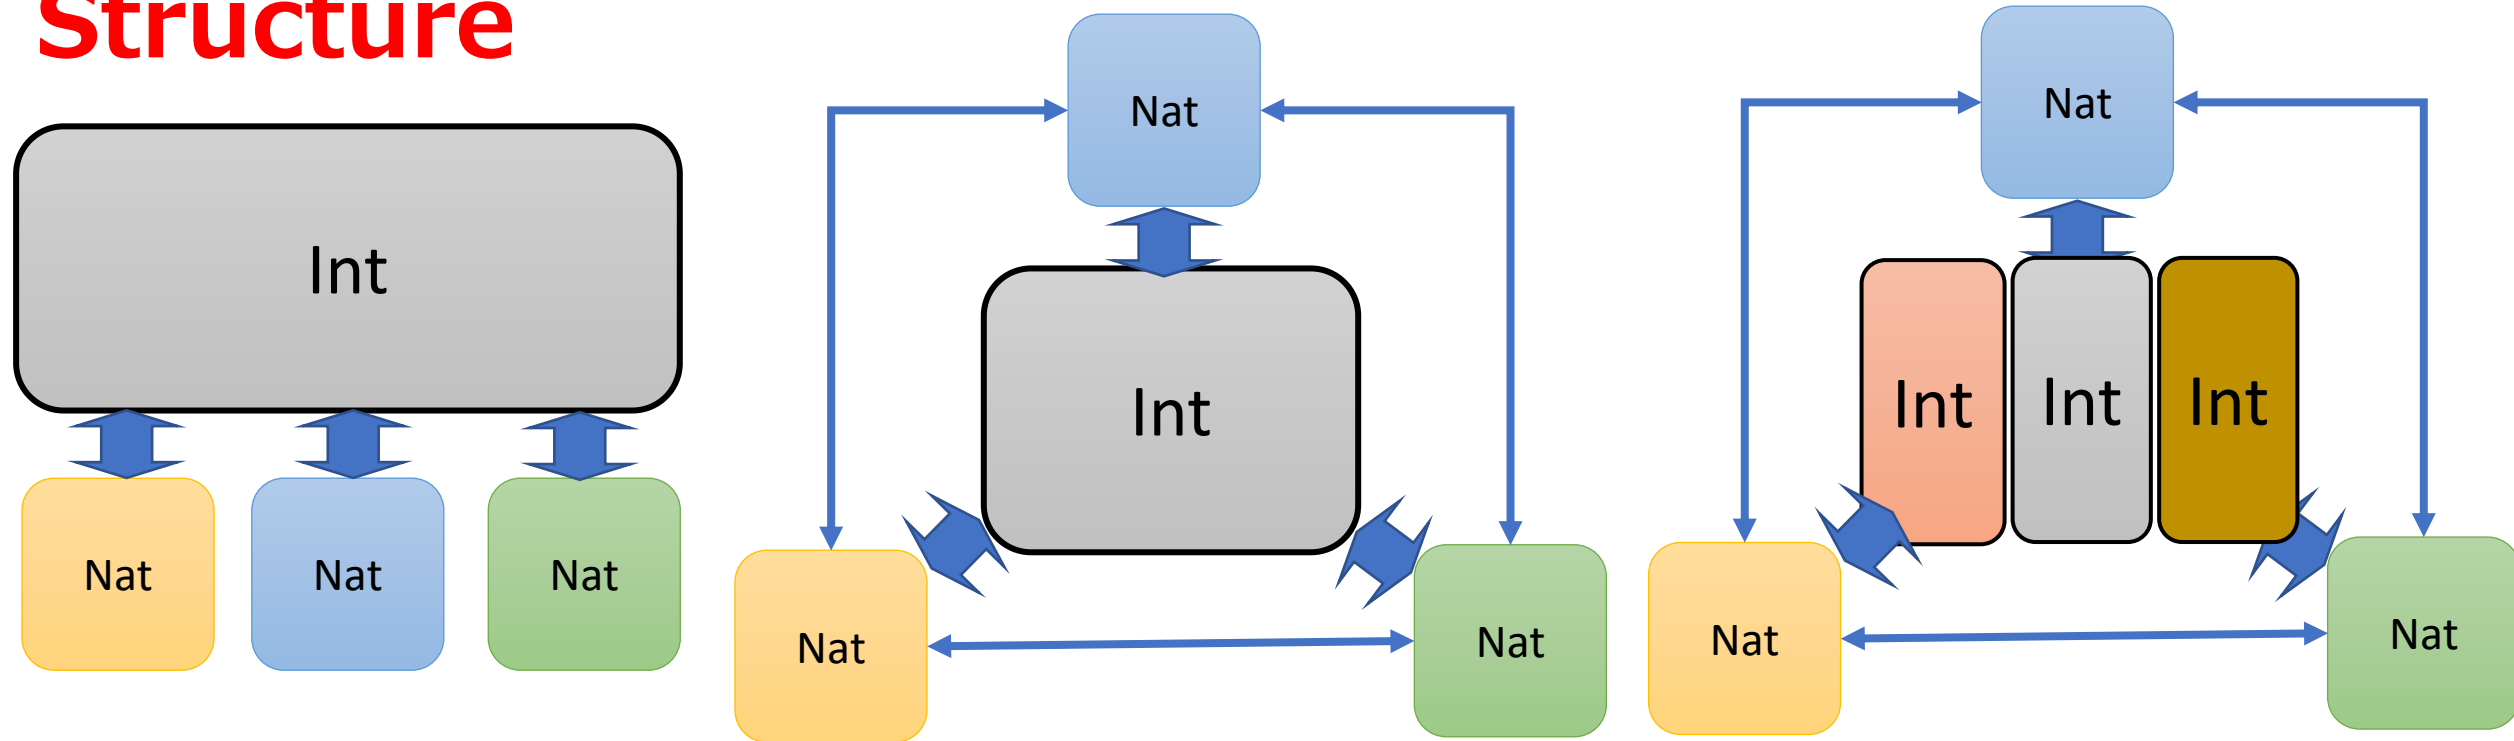

**Which are
useful/necessary?**

for national adaptation platforms
for International adaptation platforms

Part II: Q3 What are effective ways of collaboration between international/national adaptation platforms and international organizations?

Structure

Institution, framework, organization, ...

**Let's get started
Discussion!!**
